“This is a masterpiece, a dream come true for those interested in the philosophy of God in early modern European philosophy.”

—*Charles Taliaferro, Professor and Chair of Philosophy, St. Olaf College*

“For this reason, as well as for the precision and erudition of its introduction and notes, Lloyd Strickland’s felicitous sourcebook meets a pressing need. All those who think that philosophical reasoning has repudiated or demonstrated God’s existence must read this book.”

—*Matthew Levering, James N. and Mary D. Perry Jr. Chair of Theology, Mundelein Seminary, and author of Proofs of God*
